

Fun and student centered curriculum for guitar, ukulele and beyond

Dear Parent,

We've been having a great time in class using the FourChords and Ukeoke play along apps to learn how to sing and play popular songs on guitar and ukulele. Your child can download it onto their own device, and use this code to get 1-month of free access to all of the 1600+ songs that are available in the songbook! The FourChords Guitar Karaoke and Ukeoke Ukulele Karaoke apps are available for both Android and iOS.

Best Regards,
Music Teacher.
